- + 10,700 square feet
- + Smith + Andersen Electrical and Lighting

UNIVERSITY OF BRITISH COLUMBIA ARTS STUDENT CENTRE

ABOUT THIS PROJECT

- + Three-storey student centre (with an additional storey below grade) designed for the undergraduate students at the UBC Faculty of Arts.
- + Includes media and graphics production spaces, video conference rooms, and a student-run art gallery.
- + Features a unique, round design with a radial grid.
- + Sustainable design features include passive ventilation and passive solar design, which utilize wood-look fins to control daylight and limit overheating in warmer months.
- + Fully-coordinated in Revit through collaboration with the project team.
