

# RCMP KELOWNA POLICE SERVICES

## ABOUT THIS PROJECT

- + Kelowna Police Services building is a centralized detachment designed to accommodate functions previously found in various service locations in Kelowna, as well as provide space for future growth.
- + Smith + Andersen was engaged as the compliance consultant for mechanical, electrical, security, audio-visual, and information technology design services.
- + Specifications of the project were tailored for compliance with RCMP and City of Kelowna standards.
- + A variety of stakeholders – including the City of Kelowna, RCMP, Federal Shared Services, and the design team – were taken into account to create the Statement of Requirements, allowing stakeholders to articulate their detailed needs, particularly concerning IT and security.
- + Design-build team leveraged the Statement of Requirements as the basis for reviewing the execution of the project.
