PRADA FLAGSHIP

ABOUT THIS PROJECT

- + Tenant fit-up for the Prada flagship store in downtown Vancouver's shopping district.
- + Designed as a testament to the international fashion label, establishing a space that defines the Prada experience for the brand's clientele.
- + Worked closely with dkstudio (the compliance architect) to achieve the client's overall vision.
- + Mechanical systems are meticulously created and coordinated to be as unnoticeable as possible.
- + Electrical and lighting design complements the client's brand standards and strategically showcases their products.
- + Designed by world-renowned architect Roberto Baciocchi.
- + Store's ground floor features two entrances; one for women's leather goods and the other for women's footwear.
